The National Arts Council of South Africa (NAC) is pleased to announce the NAC Annual Project Funding Call for applications for the 2024-2025 Financial Year. We hereby invite individual arts practitioners and registered arts organisations and community art centres to apply for funding.

Only one application, will be supported whether submitted by an individual or an organisation/company, be it a natural person or a juristic person.

The invitation is open to active art practitioners in the disciplines of **craft, dance, literature, music, theatre and musical theatre, visual arts and multidiscipline** to submit their applications for project funding. Applications presenting content in South African **indigenous art forms, capacity building and training in intellectual property are encouraged to apply.**

In each of the seven (7) arts disciplines mentioned above, the proposed projects must have the capability to address **at least two (2) of the (6) critical focus areas** below:

1. SOCIAL COHESION AND NATIONAL BUILDING	This is the extent to which the project brings communities together as well as allows for the inclusion of previously excluded parts of the society while at the same time creating national unity
2. MARGINALISED AND INDIGENOUS ARTS	Projects to be considered must focus on uplifting rural communities as they have a wealth of indigenous and rare artistic expressions that remain in the shadow of mainstream arts. Projects that seek to unearth and profile these hidden art forms by exposing the arts and the practitioners in marginalised areas to new audiences and markets will be highly considered.
3. ADDRESSING SOCIAL ILLS	Projects that provide a platform for artistic expression to the voiceless as well as help with alleviating social ills such as xenophobia, gender-based violence and other violent crimes, drug abuse and gangsterism will be highly considered.
4. SUPPORTING VULNERABLE GROUPS	Projects that provide employment opportunities for women, people living with disabilities and in rural areas will be highly considered.
5. NEW WORKS AND DIGITAL ARTS	Projects that are innovative and introduce new arts through digital artistic presentations, as well as other platforms, will be highly considered.

6. Capacity building and arts entrepreneurship	The ability of the project to contribute to skills development and setting up of new businesses acumen.
